MarClean MB40

- Cargo Hold Cleaning Chemical

TECO

High Quality Cleaning Chemicals since 1994

Quality Without Compromise

Description

MarClean MB40 is a phosphoric acid-based cargo hold cleaner with good wetting agents. MarClean MB40 works as an excellent cleaner to remove cement, limestone, sandstone, rust stains and other cargoes that requires a strong acidic-based cleaner.

- Very efficient to remove cement, ore, limestone, sandstone and rust.
- Used as a brightening of metals in cargo holds.
- Easy-to-use and efficient.
- Prevents inhibits corrosion and flash rust.
- Removes rust from painted, ceramic and wooden surfaces.
- Approved by IMO
- Approved by major coating manufacturers.

Directions for Use

1. Apply the MarClean MB40 when removing cement, dirt, rust, limestone, sandstone and other ores.
2. Please always add MarClean MB40 to water, and never add water to MarClean MB40.
3. When diluting the MarClean MB40, please always take into accountability that we suggest a 50% solution for severe corroded surfaces, 20-50% for leass corroded or soiled surfaces, and 10-30% for removal of rust stains.
4. Applying the MarClean MB40 can be done by using a application kit or a low-pressure spraying machine.
5. Always make sure that the chemical does not dries out on the cargo hold, and make sure to rinse the cargo hold thoroughly.
